ORDER OF THE COMMISSION

Presiding Officers:
David E. Ziegner, Commissioner
David E. Veleta, Administrative Law Judge

On May 23, 2001, the Federal Communications Commission ("FCC") issued an Order ("the FCC's RTF Order")¹ assigning state commissions the responsibility of certifying that rural carriers or competitive eligible telecommunications carriers ("ETCs") designated to receive high cost support in the service areas of rural carriers are using federal high-cost support in a manner consistent with the requirements of Section 254(e) of the Telecommunications Act of 1996. Pursuant to Section 254(e), carriers must use universal service support "only for the provision, maintenance, and upgrading of facilities and services for which the support is intended." The FCC's RTF Order provided that state certifications should be submitted by October 1 each year for payments to be made during the following calendar year. If a carrier is not certified by its state commission, it will not receive federal high-cost support. Thus, we opened this proceeding for the purpose of completing the 2015 FCC ETC recertification process.

Upon reviewing the completed applications, the Commission now finds that the applications that have been submitted by the applicants listed in Attachment A demonstrate the requisite compliance with the requirements of Section 254(e) of the Telecommunications Act of 1996, as interpreted by the FCC's RTF Order and this Commission's August 22, 2001 Order. More specifically, based on the completed applications, we find that all entities listed in Attachment A to this Order will be using federal high-cost support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with Section 254(e).

In accordance with the FCC's RTF Order and the USF/ICC Transformation Order, we direct the Commission's Communications Division to inform the Universal Services Administrative Company ("USAC") and the FCC that this Commission has certified that the

carriers identified in Attachment A to this Order have met the requirements of Section 254(e) and the FCC's RTF Order.

IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:

- 1. The Indiana carriers identified in Attachment A to this Order shall be, and hereby are, certified by this Commission as having satisfied the requirements of Section 254(e) and the FCC's RTF Order.
- 2. The Commission's Communications Division shall inform the FCC and USAC by October 1, 2015 that the aforementioned Indiana carriers have been so certified.
- 3. The Commission's Communications Division shall forward a copy of this Order to all carriers identified in Attachment A.
 - 4. This Order shall be effective on and after the date of its approval.

I hereby certify that the above is a true and correct copy of the Order as approved.
